

A multiplicity of churches made up of a wide spectrum of denominations from the Katy Community have come together to stand alongside St. Paul's Episcopal Church and Church Of The Holy Apostles. Both of these churches support the Biblical teaching that all sexual activity is appropriate only within the context of marriage between a man and a woman.

We also stand together denouncing the decision of the General Convention of the Episcopal Church approving Gene Robinson, a non-celibate homosexual man, as bishop of New Hampshire. We are thankful that St. Paul's Episcopal Church and Church Of The Holy Apostles opposed this decision and continue to stand for the true teachings of the Bible as it speaks of marriage and sexuality. We stand united in affirming that God loves all homosexuals, but does not condone the homosexual lifestyle.

Below are signatures of pastors and churches that have desired to publicly go on record affirming these two churches and the Biblical definition of marriage. The list below is not inclusive of all the churches that support this statement. We publicly make this statement out of our conviction on Biblical truth and a compassion and love for all people.
